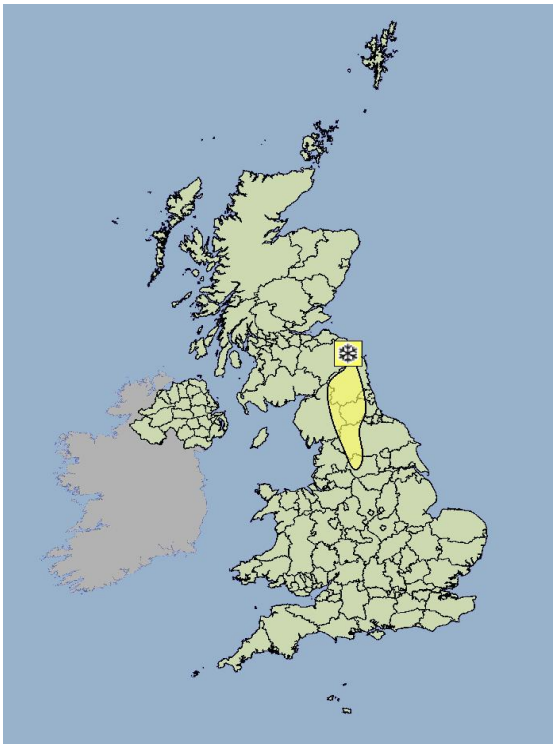
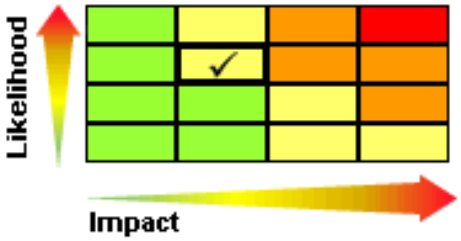
National Severe Weather Warning Service





Chief Forecasters Assessment
A band of rain will push eastwards across northern England through Wednesday This is likely to fall as snow mainly above 200 m with accumulations of 5 cm possible over some higher routes.

To the east of the Pennines this may temporarily fall as sleet and snow to low levels with some small slushy accumulations possible.

The Met Office have issued a **Yellow Warning** of **Snow**

Valid from **11:00 on Wed, 14th Feb 2018** until **16:00 on Wed, 14th Feb 2018**

Snow is likely to fall over the high ground of the Pennines and Cheviots for a time late Wednesday morning and during the afternoon. This may also fall to low levels temporarily to the east of the high ground.

Some roads and railways are likely to be affected with longer journey times by road, bus and train services.
